Official Papers.

Season Report for the Week ending 16th *November* 1889.

Rain-fall at—	Present week.		Corresponding week of last year.		Price of food grains in seers per Rupee; and market fluctuations in the prices of food grains.	Market how supplied.	Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.	Prospects of Season; tracts in which the rain-fall has been insufficient; areas affected by scarcity, number of people under relief, and state of food stocks.	Public Health.	Remarks as to the condition of agricultural stock, failure of pasturage or fodder, &c.
	I.	C.	I.	C.						
Bangalore C. & M. Stn.	...	...	...	...	This week. Past week.	Well.	Standing wet and dry crops generally in good condition. Paddy was sown. Ragi and paddy were harvested in parts. Horse-gram, castor beans and sesamum were affected in some parts through excessive moisture. Dry crops recently sown parched in some places for want of rain. Out-turn 8 to 12 annas.	Good.	Generally satisfactory.	Agricultural stock generally in good condition.
